MICRONEEDING CONSENT

Informed Consent

Cosmetic acupuncture involves the insertion of special needles into particular points on the body. There are some risk to treatment, including the possibility of bruising of the skin and/or slight bleeding, weakness, fainting, and/or the aggravation of symptoms existing prior to acupuncture treatment. There is little to no risk of infection when all needles are sterile. CastelliniCare uses only one-time use, sterile disposable needles. CastelliniCare does not provide care, nor Western (allopathic) medical care. Please see your medical doctor for those services and for routine check-ups. If you are pregnant, have a bleeding disorder, pacemaker, high blood pressure, local infection, or have been prescribed anticoagulant medications like Coumadin, we can still treat you but should be made aware of your condition. By signing this consent you state that you have informed your acupuncturist of such conditions. CastelliniCare schedules and hours are subject to change. Treatments are by appointment only. We always do our best to notify patients of changes in schedules.

Privacy Policy

In accordance with HIPPA (Health Insurance Portability and Accountability Act) regulation and NJ Law, CastelliniCare takes the right to your privacy seriously. Therefore, we do not disclose any personal, health, financial, or any other information about you, or the services we provide to you to any third parties without your written request.

Result Guarantees

While CastelliniCare has been clinically shown to work; we want to remind you that everyone's body, skin, and repair process works differently. The purpose of CastelliniCare is to create a younger and more vibrant appearance. Please be advised that this treatment is not a surgical procedure and cannot be compared to a surgical facelift. We can not be held liable or bear any responsibility for the actions or results of actions of its clients, not can we provide guarantees as to the success or results of treatments delivered by clients of CastelliniCare.

Microneedling – Collagen Induction Therapy

I consent to the treatment of Microneedling to be carried out upon myself. The microneedling treatment allows for controlled induction of growth factor serums, or hyaluronic acid, into the skin's self-repair process by repeating micro injuries in the skin. These injuries stimulate new collagen production, while not posing the risk of permanent scarring. The result is smoother, firmer and younger looking skin. The skin needling treatments are performed in a safe and precise manner with a sterile needle head and are usually completed in 30-60 minutes.

Contraindications

Absolute contraindications: Accutane within 6 months, scleroderma, collagen vascular disease, or cardiac abnormalities, rosacea, blood clotting problems, platelet abnormalities, anticoagulation therapy

(i.e. Warfarin), facial cancer, past and present , chemotherapy, steroid therapy, dermatological diseases affecting the face (i.e.Porphyrria), diabetes and other chronic conditions, active bacterial or fungal infections, immune-suppression, scars less then 6 months old and Botox/facial fillers in the past 2-4 weeks. Treatment is not recommended for patients who are pregnant or nursing. **PRECAUTIONS:** keloid or raised scarring, eczema, psoriasis, actinic keratosis, and herpes simplex.

Side Effects Typically Include:

- Skin will be pink or red and may feel warm, like mild sunburn, tight and itch, which usually subside in 12 to 24 hours
- Minor flaking or dryness of the skin, which scab formation in rare cases
- Crusting discomfort, bruising and swelling may occur
- Pinpoint bleeding
- It is possible to have a cold sore flare if you have a history of outbreaks
- Freckles may lighten temporarily or permanently disappear in treated areas.
- Infection is rare but if you see any sign of tender redness or puss notify our immediately
- Hyperpigmentation (darkening of the skin) rarely occurs and usually resolves itself after a month
- Permanent scarring (less than 1%) is extremely rare

I have been informed about the treatment, procedure, indication, expected results and possible side effects

Although the results are usually dramatic I have been informed that the practice of medicine is not an exact science and that no guarantees can be or have been made concerning the expected results in my case.

I am undergoing treatment of my own free will. I agree that this procedure is being performed for cosmetic reasons. I am also aware of and accept the risk of unforeseen complications that may not have been discussed and which may result from this treatment.

I acknowledge my obligation to follow the instructions closely and visit the office as directed. I certify that I have read the consent agreement and fully understand it. These items have been reviewed and discussed with the Acupuncturist and all my questions have been answered to my satisfaction. I also agree to hold harmless and release from any liability CastelliniCare or any of its owners, employees for any condition or result known or unknown that may arise as a result of any treatment I receive.
